

Fédération française de golf

**MEDICAL CERTIFICATE
OF NO CONTRAINDICATION
TO THE PRACTICE OF GOLF**

According to the French laws and rules, a Medical Certificate is required for all players entering any Official Competition played in France including International Championships.

We draw your attention to this important rule in the conditions of play. This measure is to be used in all sports and by all competitions' organizers who can be recognized as responsible.

Therefore the French Golf Federation must receive the medical certificates duly filled by a doctor even if your players are well insured when they travel abroad and if a medical assistance covers all expenses.

We know that some countries do not issue such certificates to their players. Therefore, you will find hereunder a form-sheet "medical certificate already personalized" to know what information needs to be on it.

All players need to fill in this medical certificate and attach it to their entry form on the www.ffgolf.org website.

The entry form won't be accepted if the player didn't fill and attach this document.

We hope you understand our position according the French law and are very happy to receive your players in French International Championships.
